

Jan Alexander's Storm Before the Calm – Technical Rider

Line up:

Anna Serierse – Vocals

Sebastian Mattebo – Alto Sax

Teis Semey – Electric Guitar

Jan Alexander – Piano

Duy Luong – Double Bass / Electric Bass

Karl-F. Degenhardt – Drums

For our concert we will need the following. If you have questions or need help, please email info@jan-alexander.com or call **+49 177 64 725 88** ahead of time!

Equipment:

1 piano (preferably grand):

- with music desk and piano bench
- must be tuned

1 guitar amp:

Preferably a Fender Deluxe Reverb (68 Reissue) blackface or similar.
No Twin Reverb please!

1 bass amplifier:

Preferably a Markbass or Aguilar amp with at least 300 W

1 jazz drum kit

- 18" bass drum,
 - 14" floor tom (preferably 14"x 14", with legs)
 - 12" tom-tom (preferably 12"x8")
 - 2 cymbal stands (straight if possible)
 - 1 Hi Hat stand,
 - 1 bass drum pedal,
 - 1 snare drum with stand,
 - 1 drum throne
- A carpet roughly 6'x6' is necessary if the stage is slippery.

Any brand drum set will do as long as it is the right size!

If there is a choice, preferred brands are: Gretsch, Slingerland, Remo, Sonor (*especially older models*)

No rock drum kits please! Also please no double layered rock drum heads ("powerstroke", "pinstripe")

Coated single layered heads should be on all drums, on both ends of the drum, especially the bass drum (Remo "ambassador" coated or similar), no holes in bass drum head (for micing) please.

Right-handed setup.

2 mic stands

one for the vocalist's mic, the other one with an SM58 for announcements (close to the piano)

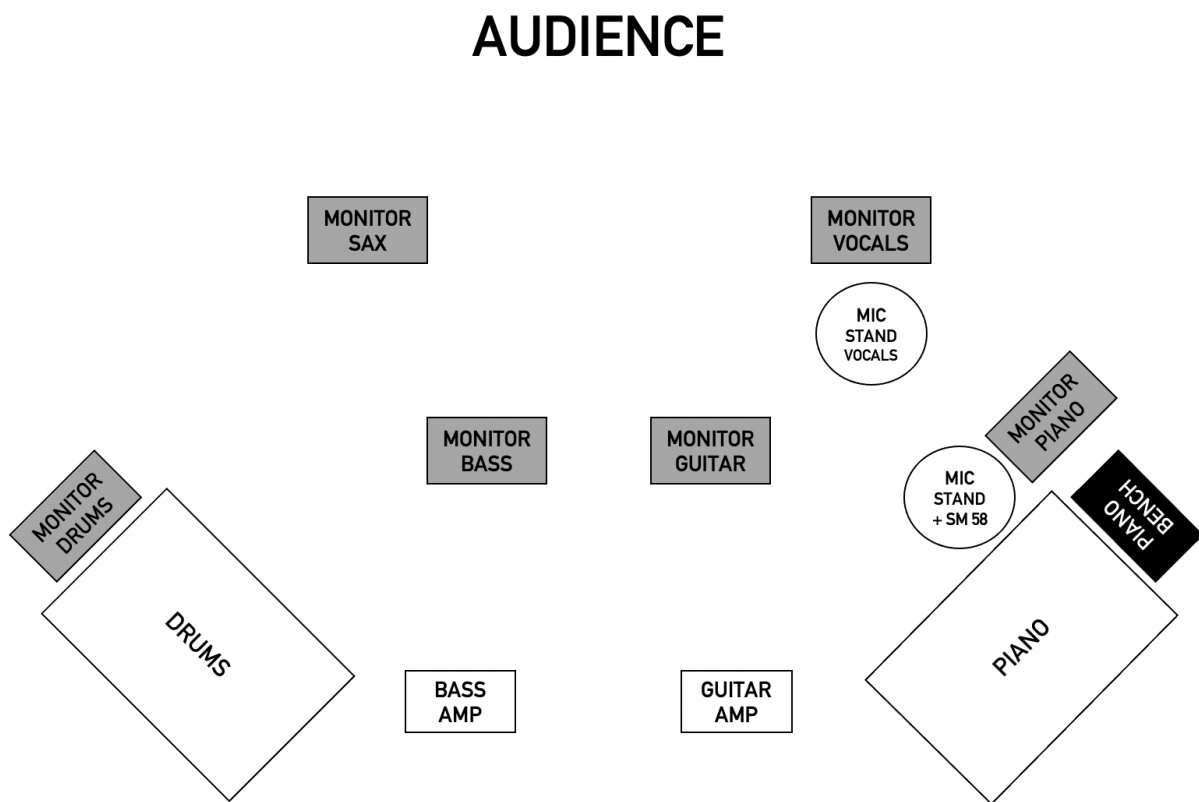

6 music stands

Two for the drummer, one for each other musician (except piano)

6 monitor speakers

If we play in a large space with a sound system, we need one monitor for each instrument, with separate mixes

Stage setup (as close together as possible)

Catering:

If you provide food, we have 1 vegetarian and 5 omnivores in the band.

We would like to thank you in advance for your cooperation and for making this run as smoothly as possible!
